# FUNDAMENTAL PHILOSOPHY

We are proud to be a North Queensland owned and operated construction company.

We are forward-thinking and reliable, and our people are empowered to model our overarching philosophy:

***"Attitude is the key that unlocks all potential."***

We are dedicated to maintaining the highest standard of communication and interpersonal relations with our staff and stakeholders.

Our management team is responsive and goal oriented, ensuring that our project planning and delivery is well coordinated, yet adaptable.

Safety, quality and environmental sensitivity underpin our service execution.

Our commitment to the RJG Builders ethos ensures that we consistently deliver our very best, in any project we undertake.

# COMPANY PROFILE

RJG Builders Pty Ltd is a Townsville based construction company, specialising in medium scale commercial construction projects throughout North Queensland.

Our highly skilled and reputable team is committed to delivering outstanding project results that meet the needs and expectations of all our clients, right across Northern and Regional Queensland.

Through our superior workmanship and personable approach to project management, RJG Builders have advanced to become a leading construction contractor for clients in the sectors of education, government, commercial property and industrial development.

We pride ourselves in our ability to develop genuine and responsive project communication with all associated parties, ensuring that we are consistent yet flexible in achieving the design needs of our valued clients.

Our company's technical capability is second to none, with more than 40 years of combined construction and project management expertise housed within our management team.
